Spelling Homework Contract:

Each week students will be asked to complete 1 spelling activity per night from the menu on the back of this page. These activities are meant to prepare the student for their test on **Friday**. Students will circle the four activities they completed and have their parent sign below as confirmation that these activities were completed. The activities themselves do NOT need to be turned in, *only this contract page will be due on Friday for homework credit*. However, if a student receives a spelling test grade below 85%, then that student will be asked to attach their activities to this contract page when turning it in the following week.

I, _____, agree to follow this spelling contract and acknowledge that it is my responsibility to be prepared for my test on Friday.
